

Do you know anybody looking after someone else's child?

Professionals and neighbours, tell us if you recognise any of these private fostering situations

- When a parent living abroad sends their child to this country for education or health care
- Children or teenagers living with relatives or family friends because of health, work, study or parental difficulties at home

Professionals and neighbours

You may work with or come into contact with children under 16 and their families or you could be a neighbour or friend. If you are aware of a private fostering arrangement where a child is living with someone other than their parents for more than 28 days you must tell us about it as soon as possible.
