

Website questionnaire

Thank you to everyone who filled in our online survey. We have summarised the replies below.

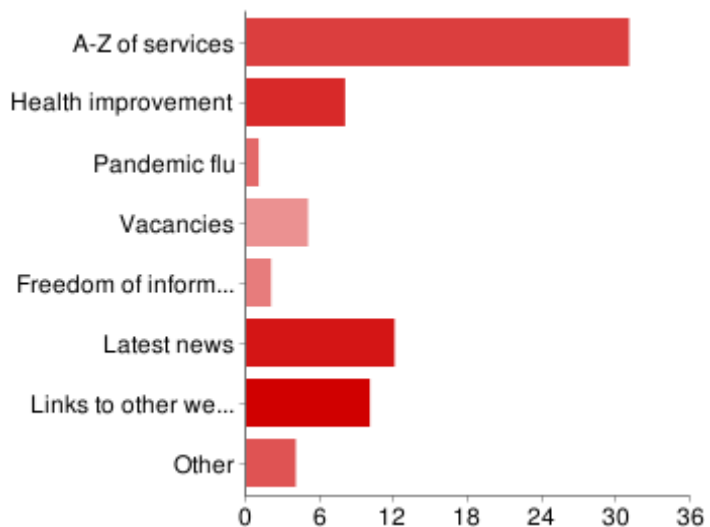

1.
Do you work for
NHS Barking and
Dagenham?

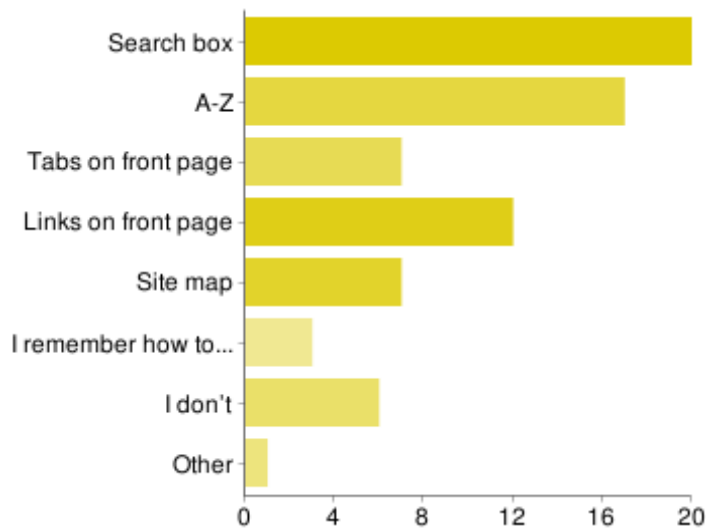

2. How often do you use our website?

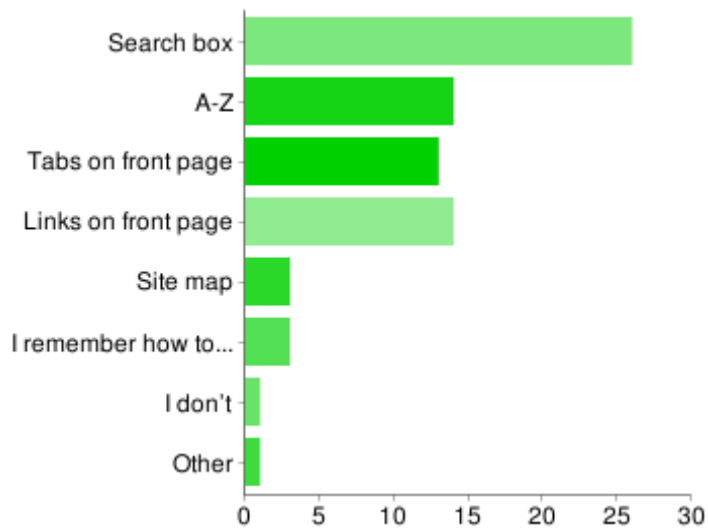

3. What section/area/information do you look at the most?

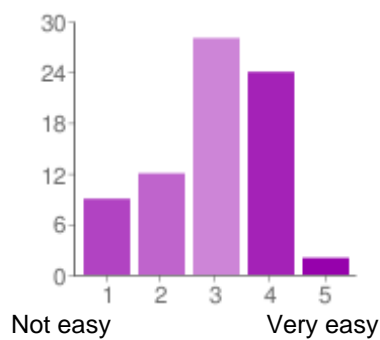

4. How do you find information on our website?

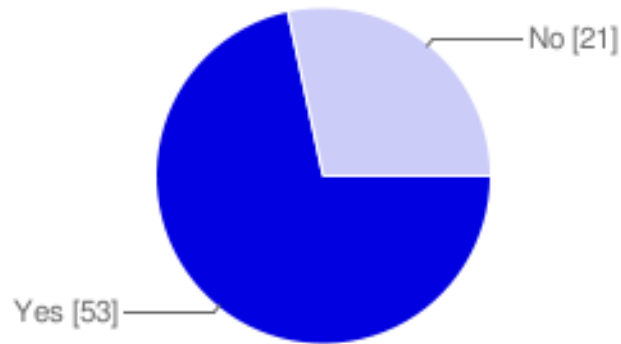

5. How do you prefer to find information on a website?

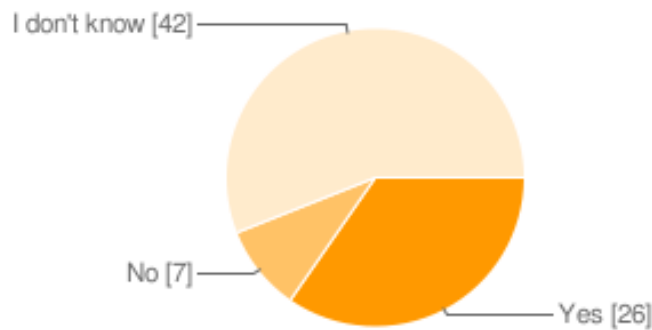

6. Do you think that information on the site is easy to find?

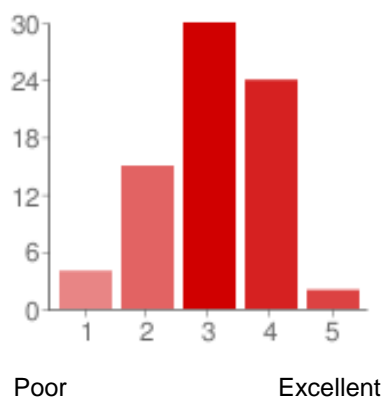

7. Do you find the information on the site accessible, ie easy to navigate, written in a way that's easy to understand, clear and easy to read on the screen?

12. Do you think local people and other stakeholders use our website to get information about the NHS in our area?

13. On a scale of one to five, one being poor and five being excellent, overall how good is our website?

Questions 2b, 8 – 11 and 14 were open (eg “Please tell us what you think can be improved?”). The answers were too widely varied for us to report here. We have read all the replies and are taking them into account as we design our new website.

Thank you very much for all you told us.
